ABOUT US

OUR STORY

Loomtex is an extension of Malaika Textile that operates in Istanbul, Turkey as a leading brand in the textile sector, with a strong focus on quality, trust, and sustainability. Founded in 2013 under the vision of Sarah Okan and Omar Malaika, the company plays a pioneering role in production and supply across various industries, primarily in security, workwear, hospitality and the healthcare sectors.

The company is managed by a team of qualified and experienced professionals that ensure optimum quality, reliability and customer service. Its management and warehouse staff together consists of 50 employees. Meanwhile, the production workforce, spread across 8 different facilities, reaches approximately 400 employees, forming the backbone of Malaika Textile's operational excellence.

The production ecosystem is designed with the flexibility to adapt to customer needs, enabling the company to respond quickly and effectively to increases in demand across a variety of industries. The ability to scale up our workforce expands Malaika Textiles's production capacity but also provides the flexibility to deliver tailored solutions to clients.

HEALTHCARE TEXTILE SOLUTIONS

Designed for Comfort, Performance and Hygiene

Our medical textile collection is designed to meet the highest standards of comfort, durability, and hygiene. From scrubs and lab coats to surgical and nursing apparel, each product combines functionality with modern design to support healthcare professionals in every environment.

SMART SCRUB COLLECTION

Our smart scrub tunics and trousers are developed for durability, easy care, and everyday performance. Featuring practical pocket solutions, comfortable fits, and high-quality fabric blends, they are suitable for intensive medical use. Machine washable and industrially launderable, these garments maintain their shape and quality over time, offering a reliable solution for healthcare institutions.

RELAXED, COMFORTABLE AND PROFESSIONAL

Ideal for healthcare professionals working in demanding environments where comfort and ease of movement are essential. Designed for both male and female staff, these scrubs combine functionality with a modern, clean look. Breathable fabrics and ergonomic tailoring ensure all-day comfort, while practical details enhance usability during long shifts.

TWO COLOR SCRUB COLLECTION

LAB COAT COLLECTION

Designed for healthcare professionals who value both style and functionality, our lab coats provide a clean, professional appearance while ensuring maximum comfort throughout the day. With high-quality fabrics and tailored fits, they offer durability, breathability, and ease of movement in demanding medical environments.

NURSE SCRUBS COLLECTION

Designed to meet the demands of busy healthcare environments, our nurse uniforms combine comfort, durability, and functionality. With breathable fabrics and ergonomic designs, they ensure ease of movement and all-day comfort for healthcare professionals.

CAREGIVER UNIFORM COLLECTION

Designed for comfort and practicality, our caregiver uniforms support professionals in their daily routines. Lightweight and breathable fabrics ensure all-day comfort, while functional designs provide ease of movement in active care environments.

COMFORT & RELIABILITY

With modern fits, durable materials, and practical pocket solutions, our uniforms are ideal for long shifts in hospitals, care homes, and clinics. Easy-care fabrics maintain their quality after frequent washing, ensuring a clean, professional appearance at all times.

GOWN COLLECTION

Designed to provide maximum comfort and practicality for patients, our gowns ensure ease of use in medical environments. Soft, lightweight, and breathable fabrics offer comfort during extended wear, while functional designs allow quick and convenient dressing.

HYGIENIC & FUNCTIONAL DESIGN

Featuring easy-to-wear structures with secure closures, our patient gowns are ideal for hospitals, clinics, and surgical settings. Durable and easy-care materials support frequent washing and maintain hygiene standards, ensuring reliability in demanding healthcare environments.
