ABOUT US

OUR STORY

Loomtex is an extension of Malaika Textile that operates in Istanbul, Turkey as a leading brand in the textile sector, with a strong focus on quality, trust, and sustainability. Founded in 2013 under the vision of Sarah Okan and Omar Malaika, the company plays a pioneering role in production and supply across various industries, primarily in security, workwear, hospitality and the healthcare sectors.

The company is managed by a team of qualified and experienced professionals that ensure optimum quality, reliability and customer service. Its management and warehouse staff together consists of 50 employees. Meanwhile, the production workforce, spread across 8 different facilities, reaches approximately 400 employees, forming the backbone of Malaika Textile's operational excellence.

The production ecosystem is designed with the flexibility to adapt to customer needs, enabling the company to respond quickly and effectively to increases in demand across a variety of industries. The ability to scale up our workforce expands Malaika Textiles's production capacity but also provides the flexibility to deliver tailored solutions to clients.

HIGH VISIBILITY CLOTHING PRODUCT

High visibility clothing products are designed to ensure maximum safety and visibility in various working environments, especially in low-light or high-risk conditions. Combining durability, comfort, and functionality, these garments include vests, jackets, pants, and coveralls made from high-quality materials with reflective elements. They provide protection against weather conditions such as rain and cold while allowing ease of movement for daily tasks. Suitable for construction, industrial, and outdoor work, hi-vis clothing helps workers stay visible, safe, and comfortable throughout the day.

Short Sleeve Hi-Vis Work Shirt

Long Sleeve Hi-Vis Work Shirt

Designed for durability and comfort in demanding work environments. Reflective stripes ensure maximum visibility and safety.

Short Sleeve Hi-Vis Work Shirt

Flexible and comfortable for everyday work use. Designed to support mobility and visibility on site.

Short Sleeve Hi-Vis Crew Neck Work Shirt

Durable and professional design for demanding tasks. Reflective strips enhance safety in all conditions.

Reflective Safety Vest

Hi-Vis Work Pants

Lightweight, breathable vest with high-reflective strips for maximum visibility.

Hi-Vis Work Jacket

Durable and comfortable jacket designed for all-day safety in demanding conditions.

Hi-Vis Rain Jacket

Waterproof design to keep you dry and visible in wet conditions.

High visibility work vest

Windproof and water repellent

Sturdy two-way front zipper with easy-grip puller.

Fleece-lined, stand-up collar.

Multiple pockets including two zippered chest pockets

High visibility with reflective heat-sealed reflective tape.

Elastic drawcord at hem for a snug fit.

Large back reflective tape
for added visibility.

Adjustable side
tabs with Velcro.

Elastic drawcord
at hem for a snug fit.

OUTERWEAR

Outerwear in high visibility clothing is designed to provide both protection and safety in challenging working conditions. These garments, including jackets, raincoats, and winter wear, are made from durable, weather-resistant materials to shield against wind, rain, and cold temperatures. Enhanced with reflective elements and bright colors, hi-vis outerwear ensures maximum visibility in low-light environments while maintaining comfort and mobility. Ideal for outdoor and industrial use, it offers a reliable combination of safety, functionality, and all-weather performance.

Fleece Jacket

Insulated Winter Jacket

A fleece jacket is a lightweight and comfortable outerwear option designed to provide warmth while maintaining breathability. Made from soft, insulating materials. Its flexible structure allows ease of movement during daily tasks, while the durable fabric ensures long-lasting use.

Softshell Jacket

A softshell jacket is a versatile outerwear piece designed for comfort, flexibility, and protection in varying weather conditions. Made from breathable, water-resistant, and windproof materials, it offers excellent mobility while keeping the wearer dry and comfortable.

Thermal Work Jacket

A thermal work jacket is designed to provide superior warmth and protection in cold working environments. Made with insulated materials and often featuring windproof and water-resistant properties, it helps retain body heat while shielding against harsh weather conditions. Despite its strong insulation, it remains comfortable and allows ease of movement for daily tasks.

High visibility waterproof work jacket

Windproof and waterproof with fully taped seams.

Adjustable, fleece-lined hood.

Multiple pockets including two zippered chest pockets.

High visibility with reflective heat-sealed reflective

Elastic drawcord at hem for a snug fit.

Windproof front storm flap
with easy-grip zipper pull

Large back
reflective tape
for added visibility.

Adjustable cuffs
with Velcro straps

Elastic drawcord
at hem for a snug fit.

BOTTOM WEAR

Bottom wear in work clothing refers to garments designed to provide comfort, protection, and functionality for the lower body in various working environments. This category includes work pants, shorts, and specialized trousers made from durable, wear-resistant materials. Often equipped with features such as reinforced stitching, stretch fabrics, and multiple pockets, bottom wear supports ease of movement and practical use throughout the day. Ideal for industrial, construction, and outdoor settings, it ensures a balance of durability, flexibility, and comfort.

Standard Work Pants

Cargo Work Pants

Reinforced Knee Work Pants

Stretch Work Pants

Multi-Pocket Work Pants

Multi-Pocket Work Pants

Multi-pocket work pants are designed for practicality, durability, and efficiency in demanding work environments. Featuring multiple functional pockets, they allow easy access to tools, accessories, and personal items throughout the day.

Stretch Work Pants

Stretch work pants are designed to provide maximum comfort and flexibility in active work environments. Made with elastic and durable fabrics, they allow a full range of motion while maintaining strength and resistance to wear.

CORDURA® reinforced
holster and leg pockets.

CORDURA® stretch
reinforced KneeGuard™
pockets.

High visibility
with heat-sealed
reflective tape.

2-way stretch
fabric for flexibility.

Slim fit and
pre-bent legs.

CV-400 — COVERALLS

A coverall is a one-piece work garment designed to provide full-body protection and comfort in demanding environments. Made from durable and often breathable materials, it shields the wearer from dirt, dust, and potential hazards while ensuring ease of movement. With practical features such as multiple pockets, secure closures, and reinforced areas, coveralls are ideal for industrial, construction, and maintenance work. They offer a reliable combination of safety, functionality, and long-lasting performance.

CV-401 Standard Coverall

CV-402 Heavy Duty Coverall

CV-403 Flame Resistant Coverall
